

# PURONICS® Filtramax™

The Next Generation of Ionics Solutions

## Maximum Conditioning... Maximum Quality

The Puronics® FILTRAMAX™ water conditioner is the ultimate solution for high-quality water. The construction quality of the stainless steel media tank, six-volt lead-free brass control valve and 24-volt motor provides high-quality water with reduced operating costs and extended conditioner operating life. This five-stage water conditioner incorporates technology used on NASA's Space Shuttle Orbiters as well as a second back flush process to ensure your water is the ultimate quality.

Hair and skin are soft and silky

Food tastes better

Dishes are cleaner

Better tasting beverages

## Exclusive 6-Cycle Lead-Free Brass Control Valve

- ▶ Turbine Metering system recharges and backflushes based on actual gallons used
- ▶ Second backwash rinses salt residue ensuring cleaner filter media bed
- ▶ Reduces potassium or salt consumption by 50%
- ▶ One piece solid brass valve
- ▶ Six-cycle valve reduces water consumption
- ▶ 1" valve and by-pass valve allows higher flow rates
- ▶ Time tested, hydraulically balanced Teflon® coated piston
- ▶ 24-Volt motor consumes approximately 10 cents of electricity per month

## By-pass Valve Operation

- ▶ Allows water flow to by-pass the water conditioning system
- ▶ Ideal for applications not requiring conditioned water such as watering lawns

## Stainless Steel Filter Media Tank

### PureSilver™ Technology

- ▶ Silver Bacteriostat is impregnated into HYgene® media to inhibit bacteria growth within the filter media bed

### Refiner

- ▶ HYgene® filter media reduces objectionable chlorine tastes and odors

### Conditioner

- ▶ High-Capacity S-759 monospheric resin has uniform sized beads for higher flow rates and efficiencies
- ▶ Reduces iron and turbidity and removes hardness

### Filter

- ▶ AltaPure™ effectively removes suspended solids as small as 5 microns

### Clarifier

- ▶ Silica gravel polishes water to a sparkling clarity

Contaminants or other substances which can be removed by the Puronics® Filtramax™ system are not necessarily in your water. Operational maintenance and replacement requirements are essential for the product to perform as advertised. Actual savings achieved are dependent on your particular spending habits and usage levels.

Your Authorized Independent Dealer:

## HYgene® Bacteriostatic Filter Media - PureSilver™ Technology at work in your home

### HYgene Filter Media

- ▶ Incorporates technology used aboard the NASA Space Shuttle Orbiters
- ▶ Silver impregnated activated carbon inhibits growth of bacteria within the filter media bed while refining your water

Puronics® Filtramax™ is backed by over 60 years of world-class innovation and expertise in household, commercial and industrial water treatment.
